

ENTERPRISE INDUSTRIAL SECURITY

Fresh Haystack, a division of CANDA Solutions, is a modular security case management solution created from years of experience deploying generic case management systems for Federal and Commercial customers that were expensive, difficult to navigate, costly, and slow to implement. With a dedication to “Getting Things Done,” we knew there had to be a better way to gain clarity across the many existing departmental data silos using case management framework.

CAPABILITIES

- Enterprise Industrial Security
- Insider Threat Defense
 - ▶ Risk / Threat Assessments
 - ▶ Continuous Evaluation
 - ▶ Insider Threat
 - ▶ CounterIntelligence
- Continuous Adaptive Risk Evaluation
- Enterprise Personnel Security
- Enterprise Investigations Management
- Case Management Solutions

ABOUT CANDA Solutions

CANDA provides Enterprise Industrial Security Management software that enables efficient and compliant Industrial Security processing. Our public and private sector work experience positions us to support the missions of the Warfighter, the National Security workforce, and Corporate entities.

HOW WE MAKE A DIFFERENCE

CANDA has deep security domain experience which enables up-to-date alignment of policy and software, keeping our customers on the forefront of the latest risk mitigation methods and techniques. We provide a way to analyze, process, adjudicate, store, and trend information of interest in a safe and secure manner.

- Flexible Licensing Model

Fresh Haystack is a “game-changer”, as some of our clients have described it after implementation. A user friendly workflow-based case management solution built for the specific purpose of streamlining the Industrial Security management process while maintaining compliance. Fresh Haystack was built to increase efficiency and productivity, make routine compliance tasks easier, and enable paperless automation and visibility into the security clearance process.

Fresh Haystack brings clarity to candidates, security personnel, employees, and auditors. Our modular system is easy to implement, allowing for a rapid, Agile-centered deployment.
